How did you feel about the 9/11 attack?

How I Citlali Trujillo felt about the assembly of the 9-11 attack. I thought it was really sad because most families had lost family at the 9-11 attack. That day I was only 1 year old I had heard that the whole country shutdown because they did not know where they were going to attack next. That is what I think.

SST-ALAMO Assembly

On Friday September 9, 2011 SST Alamo held an assembly for 4th-8th graders to commemorate the events of 9/11. This was a big success and touched many of our children. The assembly began with Ms. Burbridge singing the National and proceeded with Mr. Guerra who provided a brief background of the tragic events of that day. Others followed with testimonies of what happened and how they heard of the news on that day. Students saw two videos that really caught their attention and had an impact on their thinking of these events. The assembly closed by lighting a candle for each year that has passed since this event. Then students paid respect by having 4 minutes of silence. Overall, we hope the students went home with a brief knowledge and better understanding of this incident. One video in particular touched many students and made them burst into tears. If interested in watching the video go to the following link (<http://www.youtube.com/watch?v=aTCx47DYgIY>). The title of the video is Heaven 9/11 I miss you daddy!
